

PRE-CONFERENCE WORKSHOP

AAC: A CRITICAL COMPONENT TO PATIENT CARE THROUGHOUT THE HOSPITAL

Ensuring successful communication between patients and providers, loved ones and stakeholders in hospitals is a crucial and necessary element of patient-centered care. This workshop will highlight various facets of AAC delivery in hospitals in both outpatient and inpatient settings.

Learning outcomes:

Discuss the evidence base and current practices in AAC implementation in hospital settings.

Describe patient profiles and phases of communication needs.

Identify assessment and intervention strategies

Presenters:

John Costello. Speech Language Pathologist with AAC focus at Boston's Children's Hospital for nearly 38 years. National and International Lecturer on topics of AAC. Author and co-author of a number of articles and chapters. Professor of AAC graduate courses as adjunct faculty at Boston University.

Rachel Santiago is a Speech-language Pathologist and Clinical Coordinator of the Inpatient Augmentative Communication Program at Boston Children's Hospital. Rachel has published and presented nationally and internationally on the topics of AAC in the hospital setting and patient-provider communication.
