

ANNOUNCEMENT REGARDING ACCESS TO ISAAC WEBINARS

ISAAC has developed a significant capacity to host informative and well-attended webinars over the past number of years. This has been done in close collaboration with our friends and partners at both ISAAC-US (USSAAC) and, more recently, ISAAC-Canada. We have built a strong archived content library, making use of our website and YouTube channel.

Beginning early in January 2021, access to most archived and new presentations will be for ISAAC members only. Sign up for new webinars and access to the majority of archived webinars is in a [new location](#) in the Members Only area of our website.

What this change means is that the registration process for webinars now requires members to first log into their accounts on the Members Only section of the ISAAC website. A valid ISAAC member ID number will be needed to gain entry to the registration page. In addition, only members will be able to access the majority of our archived webinar recordings.

Members needing assistance in changing their Members Only area login passwords should read our [FAQ article](#).

A limited selection of our [archived webinars](#) will remain open to the public.

We want you to maintain uninterrupted access to this very important material. If you are not yet an ISAAC member, [visit our website](#) to find out how to join as an individual or organization.
