MESSAGE FROM THE PRESIDENT

Welcome to the 19th Biennial ISAAC Conference on Augmentative and Alternative Communication (AAC) in Cancún, México: Communication Beyond Borders! Greetings to all who have come together for this event: people who use AAC, family members, professionals, researchers, and everyone interested in AAC.

ISAAC's Vision is that AAC will be recognized, valued, and used throughout the world. ISAAC's Mission is to promote the best possible communication for people with complex communication needs. ISAAC conferences are important to fulfilling ISAAC's vision and mission. Conferences provide a unique opportunity to learn about AAC, to discuss latest research and technological developments, to connect with like-minded people, to get involved, to begin or continue partnerships, and to make friends.

It has been since 2018 that we have been able to gather together in person, so this conference will be outstanding to form new connections and renew old ones. In addition, this year marks 40 years of ISAAC's history and our 20th conference (if you count ISAAC Connect in 2021). I remember well the first ISAAC conference I attended in 1992, in Philadelphia, USA. I presented my Master's Thesis and was so excited and honoured to be there among all the "big names" I had read about in textbooks and journals.

I offer you this challenge – meet 5 new people this week from at least 3 different countries. Our renewed connection will help move the field of AAC forward. ISAAC members like to ask each other "What was your first ISAAC conference?" So what a great conversation starter with someone you have not yet met. Let's make this conference all about connecting and communication beyond borders! Whether this is your first ISAAC

conference or one of many, I hope you can feel the spirit here and find new energy for your work in your part of the world.

The international orientation of ISAAC includes emerging and developed countries, regions with many experiences and well-developed services, as well as regions with engaged individuals who are in the process of building up AAC structures. One focus of recent years has been expanding the reach of ISAAC into Spanish speaking countries; therefore ISAAC has been committed to holding this conference here in Mexico. I am happy to see many presentations on the program and attendees from Spanish speaking countries.

We are looking forward to a great conference program, with many interesting presentations and lectures during the Pre-Conference and the Main Conference days, and enjoyable social events showcasing Mexican history and culture, and accompanied by exciting performances.

Many thanks to all who have made this possible, to all who engage on behalf of AAC and ISAAC worldwide, and to all who join us on this journey.

Tracy Shepherd
ISAAC President 2022 – 2024

MESSAGE FROM THE EXECUTIVE DIRECTOR

Bienvenidos señoras y señores, Welcome ladies and gentlemen, to ISAAC Conference Cancun!

Much in the world has changed since we last met on Gold Coast, Australia in 2018. Each of us has felt the effects of a global pandemic which has impacted the health and well-being of people we know and love. In addition, the global economy, the unprecedented rates of inflation and so much more have financially impacted all of us both personally and professionally.

Little did any of us know way back in 2018 when planning for the “2020 Conference” began, that the typical two-year planning process would turn out to be five years in the making! Please make sure, while at our wonderful Conference, to join ISAAC in thanking our incredibly dedicated group of co-chairs who have “hung in there for the long haul”: Gabriela Berlanga, Miriam Boesch, Yoosun Chung, Gabriela Mangino, Marcela Manzur, and Wendolyn Moreno.

In light of all of this, we are especially grateful to the global AAC community: persons who use AAC, their personal and professional networks, AAC professionals, researchers, our sponsors, our exhibitors, and all who are gathering in Cancun, both in person and in spirit, to join ISAAC International in celebrating our much awaited Conference Cancun. Thanks to all of you for also “hanging in there” with ISAAC! We hope you realize how much your continued support means to the field of AAC, to ISAAC International, and everyone who shares in our shared goals!

Enjoy the Conference!

Regards and thanks,

Franklin Smith, MBA, CMC
Executive Director

MESSAGE FROM THE CO-CHAIRS

Dear ISAAC Cancun Attendees,

Welcome to Mexico!! After 5 years of planning and preparation, which started after the ISAAC 2018 Conference in Australia, being able to say “BIENVENIDOS” now seems almost unreal.

This conference means so much to us:

First, after many, many years of being part of the wonderful ISAAC community, in which many ISAAC members helped us spread the word about AAC in our countries, we wanted this conference to reflect our appreciation and convey our THANKS to the ISAAC family!

Secondly, for both the Mexican and the USSAAC co-chair teams, we are beyond excited to know this conference will reach many Spanish Speaking communities. We know that we will be welcoming attendees who have never been to an ISAAC conference.

We are also very excited to share a little bit about the Mexican culture, gastronomy, architecture, and nature of this beautiful country.

We understand the COVID pandemic has not made life easy, however, we are thrilled that we are now able to go beyond borders and reunite the ISAAC global community. This conference will serve as a celebration, a reunion, and an opportunity to welcome new members to our ISAAC community.

We appreciate all of our collaborators who have worked hard to put this conference together. Specifically, the ISAAC staff members and the Executive Board, the North American Alliance for Communication Access (NAACA), USSAAC representatives, our CATIC team, our volunteer coordinators, and our families. But we want to especially thank YOU for being here. The ISAAC conference is unique because of its wonderful families, persons who use AAC, presenters, researchers, exhibitors, sponsors, professionals and students.

We hope you will learn a lot and will be able to bring back to your home or workplace useful information to implement and share. But above all, we hope you will enjoy this conference as much as we enjoyed preparing it.

BIENVENIDOS!!!!

CONFERENCE ACCESSIBILITY INFORMATION

Cancun Center

Conference Cancun takes place on the second and third floors of the Cancun Center.

Elevators are located on all floors entering on your right-hand side. We request people use the escalator or stairs unless they need to use the lift for mobility access. However, it is still likely that the elevators will be in high demand between sessions, so plan for extra time if you need to change floors.

The second floor has two elevators, a small one and a big one that can accommodate more wheelchairs, which will be in use all day. There are also escalators and stairs. There is a ramp at the main entrance and another ramp on the second level.

The third floor has two elevators, a small one and a big one that can accommodate more wheelchairs, which will be in use all day. There are also escalators and stairs.

All of the floors are flat floors.

Accessible restrooms are also available. There are bathrooms on the four floors, and there is space to change on the second and third floors. There is signage for the change rooms.

The Quiet Room is located at Hollbox on the ground floor of the Cancun Center for people who need some relaxation time without distractions.

The Blender Bar is in the cafeteria on the third floor of the Cancun Center next to the Exhibit Hall. It will be open during the morning, afternoon and

lunch breaks for those who need their foods blended. Volunteers will be available at the Blender Bar to assist you.

ISAAC CONFERENCE CANCUN AAC CAMP

Welcome to the ISAAC Conference AAC Camp!
¡Bienvenidos al Campamento de CAA del congreso ISAAC!

We are delighted to invite children and young people between 8 and 30 years old who use Augmentative and Alternative Communication (AAC), as well as their siblings and friends, to join us for an exciting experience in the beautiful country of Mexico.

At our camp, participants will have the opportunity to enjoy fun and educational activities, while learning about the rich Mayan culture and other Mexican traditions. Our goal is to create an inclusive environment where all participants can feel comfortable and safe while having fun and learning.

Our programs are designed to help children and young people practice their communication skills and promote their communicative independence. Our programs include games, contests, crafts, and recreational activities in which participants can learn and enjoy the cultural richness of Mexico.

We are proud to offer an enriching experience for children and young people with AAC, their siblings, and friends. We look forward to welcoming you and your families to our ISAAC Conference CAA Camp in Mexico!

Give yourself the opportunity to experience traditions, magic, and celebration in a fully accessible location at CRIT Teletón Quintana Roo.

Address: CRIT Teletón Quintana Roo, Blvd. Luis Donaldo Colosio 999, Super Mz 296, 77560 Alfredo V. Bonfil, Q.R., Mexico.

PRESENTATION FORMATS AT ISAAC CONFERENCE CANCUN

For this conference, we offered six different submission formats for authors:
*Short Sessions, Posters, Interactive Seminars, Research Discussion
Panels, Master Classes, and Hands-on Demos.*

Short Sessions are 20 minutes in length followed by 10 additional minutes allocated for a question and answer period. The purpose is to share scientific information in the form of recent research findings or ongoing research, or highlight educational, clinical, technical, and professional innovations in an efficient manner.

Posters are a visual representation of research findings, ideas, or personal experiences. They typically incorporate graphics and text. Posters will be on display at set times during the conference. Presenters will be allocated a short time slot to discuss their poster with delegates.

Interactive Seminars provide more in-depth coverage of topics and create opportunities for discussion and interactive learning. Most of the Interactive

Seminars will be 60 minutes in length with some longer sessions running for 90 or 120 minutes.

Research Discussion Panels create a platform for academic discussion and debate around conceptual areas of interest in AAC research and practice. Panels should lead to deeper understandings and give impetus for new questions, ideas and directions in AAC research. Research Discussion Panels are not aimed only at emerging or established researchers, but rather at anyone who is interested in a more in-depth engagement and theoretical discussion around a particular AAC research topic.

Master Classes are 2-hour presentations on a specific AAC-related topic, with an emphasis on professional development and capacity building. The content of the Master Class will be foundational and targeted to professionals who need access to exemplary practices backed by research evidence. Master Classes will emphasize clinical/ educational/ professional application that is supported by appropriate levels of evidence.

Hands-on Demos focus on specific tools and services that offer an evidence based and innovative approach for addressing a specific challenge in the provision of AAC services. Participants will have an opportunity to see, touch and learn about AAC tools and related-technologies during an interactive session.

The conference theme is “**Communication Beyond Borders / Comunicación Sin Fronteras.**” The theme challenges the AAC community to think beyond local contexts and to embrace broader global practices. Presentations will contribute to these goals by focusing on the following **Content Focus Areas**:

Content Focus Areas	Presentations may focus on...
AAC Clinical Practice Across the Lifespan	AAC clinical service provision across settings (educational, home, health, community) and across the lifespan.

AAC Technology, Design and Technology Integration	<ul style="list-style-type: none"> • Innovative tools, resources and techniques that advance the field of AAC • Applications of social media and mobile technologies • Design considerations
Cognitive, Sensory and Motor Aspects	AAC research/practices that focus on issues related to the brain, cognition, sensory and/or motor challenges that impact access to AAC.
Communication Partner Supports	<ul style="list-style-type: none"> • Supporting communication partners across settings in ways that are culturally and linguistically appropriate • Creating communication accessible businesses and services
Education, Language and Literacy	Optimizing educational participation, language and literacy development for people who use AAC.
Equity, Diversity and Participation	<ul style="list-style-type: none"> • Diverse identities: ability, sexuality, gender, spirituality and more • Access to culturally and linguistically appropriate systems, supports and services
Family and Consumer Self-Advocacy	<ul style="list-style-type: none"> • Access to client and family-centered services • Advocacy tools • Social participation, friendships, family, partner

	<ul style="list-style-type: none"> • Sexuality and parenting • Addressing violence, abuse, and safety in the community

ISAAC CONFERENCE CANCUN PROTOCOLS

Code of Conduct

ISAAC INTERNATIONAL is committed to providing a safe and enjoyable Conference experience for all event participants, and a welcoming environment for free discussion of ideas. We do not tolerate harassment of event participants in any form. Any conference attendee found to be contravening this Code of Conduct in any way is subject to any action at the sole discretion of ISAAC INTERNATIONAL up to, and including, expulsion from the Conference with no refund or right of appeal. Instances of alleged harassment may also be reported to the relevant authorities, again at the sole discretion of ISAAC INTERNATIONAL.

What constitutes harassment?

Harassment includes, but is not limited to, unwelcome conduct or offensive verbal comments related to gender, gender identity, gender expression, sexual orientation, age, disability, physical appearance, body size, race, national origin, or religion; deliberate intimidation, stalking, following, unwelcome or unauthorized photography or recording, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome sexual attention. Similarly, encouraging others to engage in such behaviour is not permitted, nor are false accusations of harassment.

Who is covered under this Code of Conduct?

All attendees, speakers, sponsors, exhibitors, staff, and volunteers at our events are required to refrain from any form of harassment. ISAAC INTERNATIONAL staff will enforce this Code throughout the event, and expects cooperation from all participants. ISAAC INTERNATIONAL expects sponsors, exhibitors, booth staff, and volunteers to avoid engaging in harassing behaviour and/or the use of sexualized images, activities, or other material.

ISAAC INTERNATIONAL expects that all event participants refrain from engaging in harassment and/or using potentially offensive language in social media or other electronic posts, regardless of whether ISAAC International hashtags have been used.

Guidelines for Speakers

Speakers are responsible for the content of their presentations, but ISAAC INTERNATIONAL requests that speakers be cognizant of potentially offensive actions, language, or imagery, and that they consider whether their use is necessary. If they do decide to include it, ISAAC INTERNATIONAL asks that they warn the audience, at the beginning of the talk, and provide them with the opportunity to leave the room to avoid seeing or hearing the material.

How should I handle an uncomfortable situation at an event?

Interpersonal Behaviour: If it is safe to do so, we encourage you to request that the person stop the unwelcome or harassing behaviour. Participants who are asked to stop any such behavior are expected to comply immediately.

If you are being harassed, notice that someone else is being harassed, or have any related concerns, please contact ISAAC INTERNATIONAL staff, event organizers, or facility security immediately. Event staff can be identified by their clearly marked “ISAAC INTERNATIONAL Staff” badge holders. You can also email ISAAC International staff members directly at conferencecancun@isaac-online.org.

Sponsor/Exhibitor Complaints: Please contact ISAAC INTERNATIONAL staff as described above.

Sessions and Presentations Complaints: ISAAC INTERNATIONAL staff and event organizers welcome all comments/feedback about presentations. Attendee comments are taken seriously when planning future events and will be kept in confidence if requested.

What happens once a report is made?

Interpersonal Behaviour: If an incident of harassment is reported, ISAAC INTERNATIONAL staff will conduct an investigation. If they determine—to the best of their ability, and in their sole discretion—that a participant has violated this Code, they may take any action they deem appropriate, including warning the offender or expulsion from the event with no refund. Under certain circumstances and at their discretion, ISAAC INTERNATIONAL staff may contact hotel security and/or local police. To protect all parties involved, ISAAC INTERNATIONAL will generally not make any detailed public statements about Code of Conduct incidents.

Sponsor/Exhibitor Complaints: ISAAC INTERNATIONAL staff will investigate the complaint. If they determine—to the best of their ability, and in their sole discretion—that action is warranted, they may resolve the matter as they deem appropriate, including removing the exhibit.

Sessions and Presentations: Concerns will be relayed to current and future organizers, who will take the information into account when selecting speakers for future events. ISAAC INTERNATIONAL requests that attendees understand, however, that determining whether material is “offensive” is a subjective call.

This is a living document and subject to change any time, at the sole discretion of ISAAC.

ISAAC INTERNATIONAL intends for this Code of Conduct to meet the needs of all our stakeholders and ensure that all have a positive event experience. To this end, we welcome comments and suggestions. Please contact ISAAC INTERNATIONAL staff on-site or by email/phone if you would like to provide feedback.

The ISAAC Code of Conduct is available in Spanish and in an Easy English version on [the ISAAC International website](#).
