## ISAAC 2018 on the Gold Coast, Australia

In July 2018, the ISAAC Conference will be coming to Australia for the first time ever!

The [Gold Coast](#) is famous for its beaches. They are the star attraction – especially when put together with the tropical climate, which makes swimming possible all year round.

The photo above shows [The Superbank](#), which is known for having some of the best surf in the whole of Australia. The Superbank is a perfect cylindrical barrel – and if you pick the right wave you can surf for more than a kilometre!

The photos below are from Currumbin, another beach area on the Gold Coast. There are 35 beach areas, which are patrolled all year by lifeguards and have surf to suit all areas of experience, or calmer areas where you can just indulge in a leisurely paddleboard! Some of the Gold Coast beaches have been made [fully accessible via beach matting](#) and there are [Accessible Surfing Clubs](#) operating as well.

We hope this has tempted you – and look forward to seeing you at ISAAC 2018.

For more information you can visit the ISAAC 2018 website at:
