

- USSAAC is the United States Chapter of the International Society for Augmentative and Alternative Communication (ISAAC)
- USSAAC serves the needs of, and advocates for, adults and children who rely on AAC methods and technologies, their family members, professionals, educators, advocates, and manufacturers.
- Our mission is to enhance the lives of people with complex communication disabilities.
- We invite you to join USSAAC and help us achieve our mission.

Please [join us!](http://ussaac.org)
